THE DAVIS IS BEST.

One of the most desirable sewing machines made is the New Style Davis. Of course, the Davis is the ONLY machine made, but I handle others, namely:

The Standard,
Domestic,
and Singer.

In fact, every machine made can be furnished customers at a less cost than the regular agents can sell them for. I buy direct from the factory, and keep on hand supplies for every manner of machine made, no matter of what description. Needles 30 cents per dozen; Oil 10 cents. I have for sale second-hand machines of all makes. Some as good as new.

Virginia Female Institute,

STAUNTON, VA.

Mrs. General J. E. B. Stuart, Principal.

This Institution, under the management of the present Principal, is increasing in numbers and popularity, its high character giving it a place equal to any School in the country.

The Principal has a constant care for the **MORAL** and **RELIGIOUS CULTURE** of her pupils, while the course of mental and physical training is very thorough.

THE ART SCHOOL

is under the most excellent management; the pupils are deeply interested and are doing credible work of every kind.

THE MUSICAL DEPARTMENT

is under the supervision of Prof. F. R. Webb, a teacher of high grade and a well known composer. He is at the same time a fine Pianist and Organist of considerable reputation. Being thoroughly identified with the School he spares no pains to encourage an enthusiastic love for the study of this accomplishment.

The Vocal Music, Elocution and Department of Modern Languages, have been under the care of efficient Teachers, and satisfying both Pupils and Parents. These studies receive the best attention, and as profitable studies, are commended to all who enter the School.

The entire building is warmed by Steam and lighted with Gas, thus insuring Comfort and Safety.

Hot and Cold Water is found in the Bath Rooms, which are pleasantly warmed, thus affording a great increase of comfort to all.

The Healthfulness of the Valley of Virginia is well known and pupils coming from malarial sections soon become robust and strong; the pure mountain air seems specially suited to the restoration of delicate throats, serious trouble of this kind rarely occurring.

Staunton is accessible by rail from all directions and has telegraphic communication with all parts of the country.

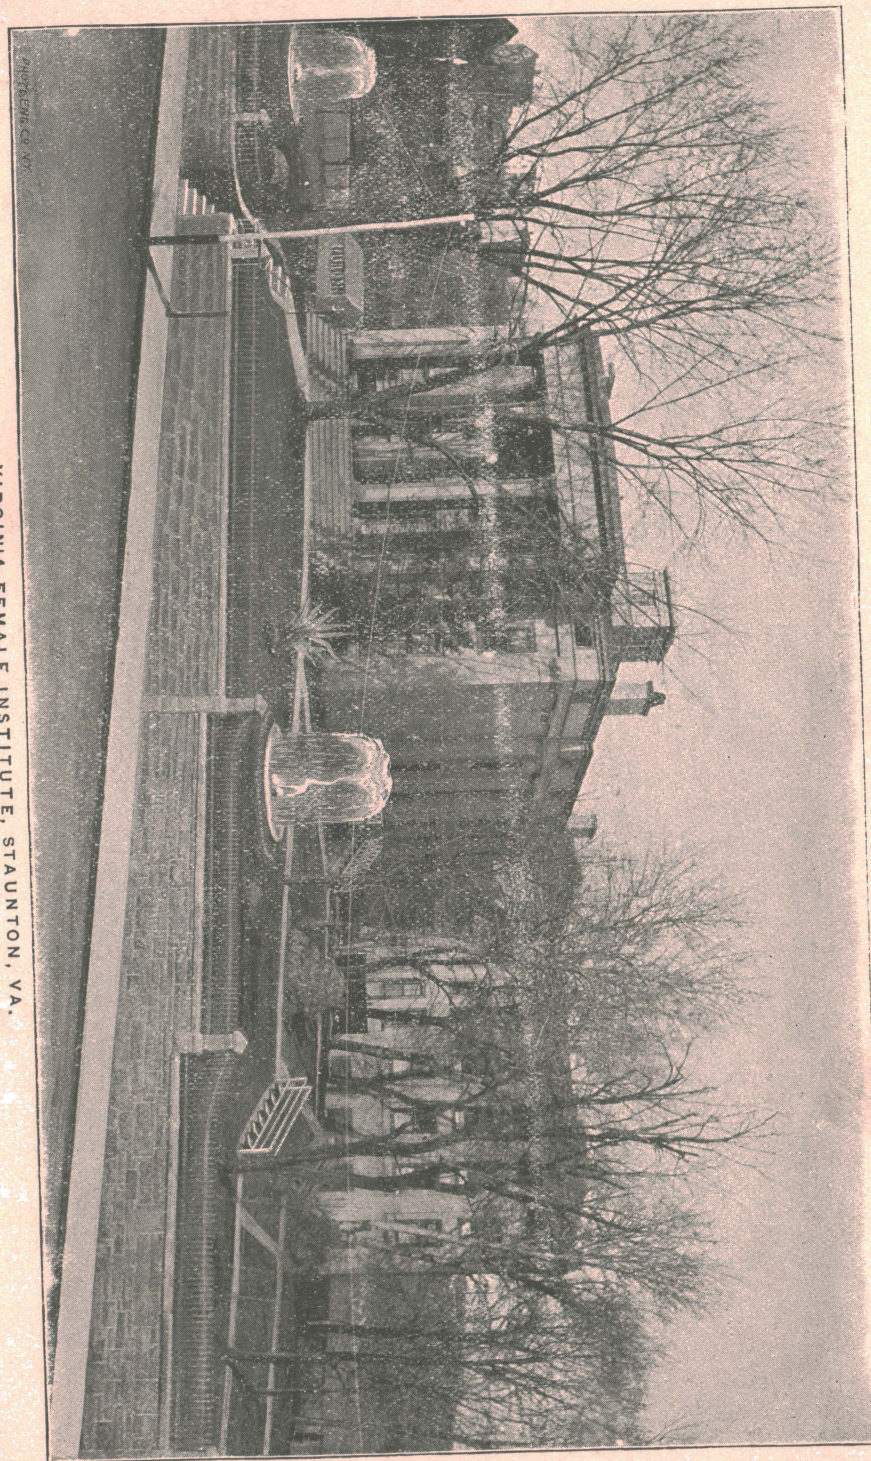

These and other advantages make it a favored centre of female education.

**The Session Commences the Middle of September
Each Year and Continues Nine Months.**

INSURE TO-DAY You have no guarantee that you can insure to-morrow. Next week may be too late. Next month you may be in eternity and your wife and children without the means of support. "Life insurance is the only way to make NOW a liberal provision for the future with a small amount of money." Such an opportunity is offered you by the Valley Mutual Life Asso. of Va., which will issue a policy at very little expense. 126 E. Beverly St., Staunton, Va.

The Staunton Spectator.

The Oldest Newspaper published in the Valley of Virginia tenders its
 greeting to the public and solicits a continuation
 and enlargement of its patronage.

The Spectator

Is a Good Family and Business Journal.

Its selections and miscellany entertain and interest, and are alike appropri-
 ate for the young, middle-aged and those of older years. Democratic in politics,
 it sustains its party with unflinching zeal, believing that under the rule of that party
 the progress of the country and the development of its resources can be best at-
 tained. It is watchful of the Agricultural interests of its section and the state,
 and is a constant laborer in the good work of advancing all our industries. It
 furnishes Commercial information, giving details of interest to the Merchant,
 Farmer and Manufacturer, by compiling from the best and most authentic sources
 of such information. Its Market Reports embrace the City of Staunton, with full
 weekly comments, and a carefully revised price current. The distant produce
 markets are also furnished, with comments bearing on the quoted prices of staples
 produced in the Valley.

THE LIVE STOCK MARKETS

of Richmond, Baltimore, Philadelphia and New York are reported weekly, and
 sooner after they are made up in those cities than by any other
 paper published in Staunton.
